also love it how she has linked alanzos blog on her page about your story....she's associated with alanzo, so now another piece of the crazy puzzle falls in to place.

she is NOT right in the head.....just not right. If anyone ever needed meds, its that one. I just read her word vomit to you and I am still confused. Might be time to alert the masses about this one. I also reported a few of her more colourful tweets.

This unhinged word vomit is the biggest attack on scientology that there is. Do you need meds? it appears so. Also...just want to point out, NOT a religion and NOT a church. I have no issue with religion, I do with scientology and its because of people like you.

She's a Scientologist but she accused them of obstructing justice in her rape case? Then cussed me out for telling her I have no interest in being a Scientologist in my home. I mean.... I just don't even know what's happening anymore.
